

## CONCEALED CARRY HANDGUN COURSE

Dear Customer:

Thank you for your interest in our Concealed Carry Handgun (CCH) course. We want everyone taking the class to get the most out of the class and have a wonderful experience. This starts with understanding the signup procedure, course, its format, and what you will need to bring.

The course is structured to be completed in one day. It is comprised of both classroom and range activities.

In the classroom, we will go over legal, safety, and firearm education. On the range, you will demonstrate your ability to fire your handgun. The range activity is required for qualification for your NC Concealed Handgun Permit. Proper safety methods and procedures are stressed throughout both sections of the course.
